Summer 2021*

Beta Mu members **Beryl Szwed**, **Carol Lamb**, **Sue Norris** and **Laurie Rosborough** participated in a pop-up presentation August 19th by author and expert Marilyn Burns. Over the course of 55 years, Marilyn has authored over a dozen children's books about mathematics and created over 20 professional development resources. Her book, *About Teaching Mathematics*, is in its fourth printing. Teachers came from all over NY State to our small community center to listen to and view her latest contributions to mathematics education.

Beta Mu members (second from left) **RoseAnn Hickey**, **Hallie Bond**, **Mary Michelfelder** and **Sue Norris** preparing to take a hike through one of the many trails of the Paul Smiths VIC (*Visitors' Interpretive Center*) with their Guide. The July 13th hike followed a presentation by the newly appointed VIC Director, who told us of the exciting changes and future programs as Paul Smiths College takes a more active role in the center.
