About the Ad Hoc Committee NYSO Headquarters

The *Ad Hoc Committee to Organize NYSO Headquarters* was started in 2011. Headquarters is located in a secure, climate-controlled building in Saratoga Springs, NY and has two storage rooms across from each other that allows for a generous workspace.

The Committee is charged with organizing, inventorying and categorizing material and equipment on site as well as records received from dissolved Chapters, new equipment, files from Past State Presidents and State Committee Chairs, copies of State Minutes, *Pi Lights*, annual reports, State Convention binders and various other records.

Our goal is to carry out this work diligently and report periodically on what we have accomplished. We intend to create an inventory of records and equipment for use by New York State Organization DKG members. We also will be asking for information from members to complete our records from time to time.

Goals of the Committee

1. To organize and categorize material and equipment at Headquarters
2. To report periodically on progress
3. To create an inventory of all records and equipment
