About the Travel & Study Stipend Committee

The *Travel & Study Stipend Committee* will award travel and study stipends to active and retired educators and promote interest in Society Seminars, Conferences, Regionals or Conventions.

No one award is to exceed \$1000.00. Every effort will be made to present one stipend to a retired member of the NYSO DKG and one to a NYSO member currently employed in the education profession.

All sections of the application must be completed to be considered. **The application is due February 15, 2022.** The application is available on the NYSO website.

Goals of the Committee

1. To encourage all NYSO members (*including Executive Officers and State Committee members*) to apply for the Travel & Study Stipend
2. To distribute the brochure to all Chapters to encourage application for this award
3. To encourage the recipients to share their experiences in an article for *Pi Lights* as well as Chapter, Area and State meetings
4. To motivate members who are first-time participants to attend Regional and International Conferences
