About the Bea Small Leadership Speakers Fund Committee

The *Bea Small Leadership Speakers Fund* is part of the *Committees Subject to Endowments*. It was established in 1996 from a bequest of Bea Small with additional funds from her daughter, Barbara Woodworth. Bea Small was a member of *Omega* Chapter.

The interest from the \$8000 base may be used annually or biennially to provide speakers, facilitators or workshop presenters to assist in the leadership training of NY State members. This leadership development can occur during Leadership Development Seminars or workshops for NY State Officers, NY State Committee Chairs or during NY State Spring or Fall Seminars or the NY State Convention. No NY State members may receive money from the fund.

The Committee strongly encourages NY State members to make contributions to this fund so that outstanding leadership development workshops may be provided in the future. Members may consider a contribution in honor of or in memory of a colleague whom they felt exhibited strong leadership qualities.

Goals of the Bea Small Leadership Speakers Fund Committee

1. To review applications and select a speaker(s) for NY State Leadership Development trainings.
2. To make members more aware of this fund and to solicit donations to re-establish the base.
